Example:

Start control to Control 1:-

Check in time at control 1	12.41
Penalty for late arrival	150 seconds

Cumulative lateness counting towards exclusion minutes (including 10 minutes from previous section).	20

Competitor over maximum lateness (15 minutes) resulting in exclusion.

b. The accumulation of lateness will end at all Re-grouping Controls In and at Overnight Controls In as a new Schedule Time will be given to competitors at Re-grouping Controls out and Overnight Controls Out, their cumulative lateness at these points will be nil.

9. Whenever a time control is followed by a special stage start control, these two points will be included in a single Control Area (Articles 16.3) as follows:

ARTICLE 17 — REGROUPING CONTROLS

1. Regrouping controls may be set up along the route. Their entry and exit controls shall be subject to the general rules governing the control posts. (Art. 16).
2. The purpose of these regroupings will be to reduce the intervals which may occur between crews as a result of late arrivals and or retirements. Thus, the starting time from the regrouping control and not its duration must be taken into account.

Example: 120 cars at the start of the rally;

First regrouping of 4 hours; Starting time from the regrouping control: 12 h 01

(a) Target time for the arrival of car No. 1 at the regrouping control 8 h 01. Target time for the arrival of car No. 120 at the regrouping control 9 h 00.

(60 cars have retired during this part of the rally)

(c) Starting time of car No. 1; 12 h 01. Starting time of car No. 120; 12 h

30. The respective length of stopping time shall therefore have been:

—3 h 16 for car No. 1. —2 h 40 for car No. 120.

3. On their arrival at these regrouping controls, the crews will hand the official their time card and possibly the sheets for the special stages covered. They will receive instructions on their due time out. They then must drive their car immediately and directly to the parc ferme. (Art. 19). The starting order shall be that of the arrival.

ARTICLE 18 — SPECIAL STAGES

1. **Special Stages will be timed to tenths of a second from a standing start to a flying finish on roads closed to the public.**

 - b. The starting official will then enter the start time on the competitor's time card and return same to the competitor. The competitor may not start until the starting signal is given.
 - c. The competitor may be given verbal warning at 30.20 and 10 seconds before his start time.
 - d. The last five seconds will be counted as "5-4-3-2-1-Go" "Go" will be considered the starting signal. (This may

also be indicated by the raising of a flag, or lights, or clock).

e. Any crew refusing to start a special stage on the time and in the position allocated to it shall be given a penalty by the Stewards of the Meeting of at least 10 minutes, and which may go so far as exclusion if the Clerk of the Course so requests, whether the Special Stage is run or not.

5. The starting official at a special stage start control shall:-

a. Have the sole right to specify a competitors starting time and will do so in accordance with the order of competitors reporting at the preceding time control.

c. The penalty for a false start is 30 seconds. However, this does not exclude the possibility of further heavier penalties being inflicted by the Stewards of the Meeting, especially if the practice is repeated.

5. Special stages will end in a flying finish, stopping between the yellow warning sign and the stop sign being forbidden on pain of exclusion. Timing will be done on the finish line.

Overtaking is not permitted between flying finish and 'Stop' signs on pain of exclusion.

At a distance of a minimum of 300m after the finish, the crew must report to a control indicated by a red "STOP" sign to have its finish time entered on the time card (hour, minute and second). If the timekeepers cannot give the exact finishing time to the marshals immediately, the latter will only enter the starting time

for the next road section on the crew's time card and the special stage finish time will be entered at the next neutralization zone or regrouping control.

The finish time received, disregarding the seconds, is the start time for the next Road section.

7. If through the fault of a competitor, an entry is not made: - a. At the Start Special Stage Control, he will be excluded.

b. At the Finish Special Stage Control, he will be penalized excluded.

8. For each special stage (i.e. the section of the event between the special stage start control and the special stage finish control) competitors will be given a minimum and maximum time, which may be altered if circumstances so warrant in the opinion of the organizers.

a. A competitor recording less than the minimum time will be debited with the minimum time.

b. A competitor exceeding the minimum time will be debited with his recorded time.

10 seconds per completed minute counting towards cumulative lateness.

d. A competitor who fails to attempt a special stage correctly will be excluded.

10. In addition to, or in the absence of instructions in the road book, the organizers may erect direction signs. Such direction signs as indicate the route of a special stage will be mandatory and non-compliance will be penalized as in Article 18.9(d). Otherwise such signs will be advisory only.

Other signals given to competitors will be in accordance with Appendix H of the International Sporting Code. During darkness, flags may be replaced by light signals of an appropriate colour or flags may be illuminated.

11. In order to be deemed to have correctly attempted a special stage, a competitor must:-

a. Have a time recorded at special stage start control

b. Traverse the full and correct route

c. Only proceed in the correct direction

d. Have a time recorded at special stage finish control.

Contravening any of the above will be penalized as in Article 18.9d.

12. No case of Force Majeure or baulking will be taken into consideration after a competitors scheduled time

from the start control. Nevertheless the promoters have the right to penalize any competitor deemed to have unreasonably delayed another competitor.

Any competitor whose car blocks the passage of other competitors will be assumed to be acting against the interests of the sport unless the contrary can be proven to the satisfaction of the promoters. Such competitors, if any, may be penalized by the Stewards of the Meeting.

13. Interruption of a Timed Stage.

When a Special Stage has to be stopped for any reason whatsoever before the last crew has covered it, a classification for the Stage may however be established by allocating to each crew, which has been unable to complete the stage because of the interruption, the time of the last competitor to complete the stage before the interruption. This classification may be drawn up by the Clerk of the Course even if only one crew has been able to cover the stage in normal competitive conditions. Should the Clerk of the Course consider the time set by the last competitor to complete the stage as abnormal, he/she may choose as the scratch time the one among the four previous competitors to complete the stage which seems to be the most suitable. However, no crew which is totally or partially responsible for stopping a stage may benefit from this measure. It will be given the time which it might have eventually set if this is greater than the scratch time awarded to the other crews.

Following consultation with the Safety Officer a stage may be restarted and the stage interrupted time will only be applied to those crews affected by the stoppage. Crews completing the stage after it has been re-started will be credited with their actual time. If 10 minutes has elapsed since the start time of the last competing car which started the stage, then the stage may only be restarted in the following specific circumstances:

A stage may be restarted up to 16 minutes after the start time of the last competing car, provided that a 00 car is available at the stage start and has entered the stage no more than 11 minutes after the start time of the last

competing car and the 00 car has passed the second radio point before the next competing car starts the stage. This re start procedure will be under the control of the COC and the Radio Controller. A report (to include start and finish

times together with times 00 reached the second radio point) for all re starts involving 00's must be submitted to the appointed MI Stewards of the event.

ARTICLE 19 – PARC FERME

1. The cars shall be subject to the "parc ferme" rules:-

(a) Following completion of scrutiny from the moment they enter the starting area, a regrouping zone or an end of leg, until they leave one of these (Art. 17.3).

(b) From the moment they enter a control area until they leave it (Art. 15.3; 16).

(c) All cars will be held in Parc Ferme at the conclusion of the event until 30 minutes after their recorded time at Parc Ferme in control.

2. While the vehicles are subject to the "parc ferme" rules, any repairs or refueling is strictly forbidden, under pain of exclusion.

(a) However, if the Scrutineers note that a vehicle seems to be in a condition which is not compatible with normal road use, they must immediately inform the Clerk of the Course thereof who may request that the car be repaired.

(b) The minutes used for such repairs shall be considered as the same number of minutes lateness registered on a road section. They will therefore be taken into consideration for the calculation of the exclusion. After repairs have been carried out, the crew shall possibly be given a new starting time.

(c) In no case may the time used for the repairs exceed the allowed time before a car is penalized by exclusion. If this time is exceeded exclusion shall be announced.

3. By way of exception and under the supervision of the competent Marshal the crew may, while in the parc ferme, at the start, regrouping zone or end of leg. (Art. 19.1 a).

— change a punctured or damaged tyre using the equipment on board;

These repairs must be completed before the starting time; otherwise a penalty shall be imposed in accordance with the provisions laid out under (Art. 16.5).

4. As soon as they have parked their car in the parc ferme, the drivers will leave the parc ferme and no member of the crew will be allowed to re enter it.

5. To leave a parc ferme for the start, regrouping halt or end of leg (Art. 19.1 a) the crew shall be allowed to enter the parc ferme 10 minutes before its starting time.
