
PRESS RELEASE 2: 15 February 2024

We are pleased to announce the receipt of a donation of £4,853 from Jordan McCann of JMC Custom Helmet Paintwork based in Loughall, Co. Armagh, being the proceeds of two raffles run by Jordan in January 2024. Jordan very kindly approached the foundation in January and offered the proceeds of a raffle to mark the occasion of his 500th painted helmet. Tickets for the raffle sold out in under 1 hour, leading to a second raffle being organised within days.

We would like to thank Jordan for his time, effort and exceptional generosity in organising the raffles, putting up the prizes and donating the proceeds to the foundation. The donation comes with perfect timing, just ahead of Round 1 of the J1000 Forestry series the Killarney Forestry rally this weekend. We plan to run a similar raffle at the beginning of each year where the winner will get their helmet custom painted by Jordan, including a special Craig Breen Foundation logo.

JMC are your one stop shop for helmet sales, helmet paintwork and helmet design should it be graphically or sketched. Contact Jordan at +44 7764 848481 or Jordanmcc77@gmail.com

The Craig Breen foundation aims to continue and build on the good work started by Craig in developing the path into top level rallying for young Irish competitors, while honouring his memory. With the support of Hyundai Motorsport, Sports & You, Hyundai Portugal, Hyundai Spain, Motorsport Ireland and the FIA, the foundation has committed to support for the J1000 Forestry Series for a minimum 5 year period from 2024 onwards.

If you would like to get involved in supporting the Foundation, please contact either Andrew Fanning or Andy Hayes.
